

## **Omni Taxi Aéreo launches internship program “Generation Omni”**

*There are 15 positions in Rio de Janeiro and interns will have benefits and a hybrid working schedule.*

Rio de Janeiro, August 27, 2024 - Omni Taxi Aéreo, a reference in Brazil's offshore air transportations, announces its “ Generation Omni” Internship Program. With applications open from August 28 to September 17, the program offers 15 positions in Rio de Janeiro, for students in the areas of Engineering, Administration, Foreign Trade, International Relations, Economics and Statistics.

It's important that only those who are available for a 2-year internship apply. The work schedule will be a six-hour day, with four face-to-face days a week at the company's office in Barra da Tijuca. In addition to a practical and immersive experience in the airline industry, interns will have access to a variety of benefits, such as meal voucher, transportation voucher, medical and dental assistance, life insurance and partnerships with language institutions.

The selection process will consist of several stages, including curriculum screening, English, Excel and Personal Pitch tests, followed by group dynamics and interviews.

“Omni's internship program is an excellent opportunity for students who want to develop their career in aviation, starting their career in an organization that is constantly growing. Today we have many professionals who joined our company through this program and here they have been developed to take higher flights,” comments Laura Maria Miranda Delgado, Omni's People Manager.
